- These magnets have a penetration of up to 7cm into soft tissue and are a permanent magnet. ie: they will never lose their energy.

DOT = NORTH (Alkaline) energy is a soothing, cooling, calming energy. It acts as a natural antibiotic and assists in balancing the pH level of the body. This is the side of the magnet which is recommended to soothe or relieve discomfort. All illness stems from the same root cause....too much tissue acid waste in the body. Viruses, fungi, bacteria and disease can only survive in an acid environment. It is therefore suggested that you use the magnet with the **NORTH (DOT)** side facing your body.

UNMARKED = SOUTH (Acidic) energy is a warming, activating, energy. It can assist in promoting growth and can speed up the healing process of broken bones, scarr tissue etc. It may be used to increase energy but *should be used sparingly* as it can create more acidity.

- NOTE: If you have known allergies to Nickel these magnets are not suitable as they may cause irritation to your skin. If you do have allergies, check out our vinyl covered magnets Rare Earth Magnets 12 x 5mm and 25 x 5mm, or the popular Leather clip.
